

Dear Family:

We understand parents when they tell us they feel helpless and frustrated because they have not been able to help their child. Well, you are not alone any longer as our goal is the same as yours – to significantly help your child develop to succeed.

For over 25 years, our primary purpose has been to help our Families go from a place of frustration and helplessness to a place of confidence and competence. Our Team of clinicians and therapists will work side by side with you and your Family. Together, we will create an individualized, comprehensive and integrated program that is designed to deliver results and significantly improve your child's capabilities and quality of life. In other words, our Team will be able to put you and your Family in charge of your future through an increased knowledge and understanding of your child.

Our Team is dedicated to helping families with children who are delayed in their development or have special needs. We consider every child and every developmental condition to be unique and know that some developmental delays are greater than others. However, we also know that, whatever the condition or its severity, it can be treated and improved. Because of this Family approach, our programs have improved the lives of thousands of children from all over the world, and our results on average are over 240% above the international and national achievement levels.

Our Team will always want you to feel in control of your Family's life and will be here to support you throughout the program. Our further promise to you is "you will never be in the back seat." Together, we will share the driving, allowing you to look at the map, see where we are going and have a hand on the wheel.

To this end, we highly recommend that your Family participate in our upcoming 3-day seminar, "How to Help Your Child with Special Needs".

Enclosed you will find applications and additional information to help your Family. We are here to answer any questions or provide additional information for you, please feel free to give us a call. You will also find more information on our website at www.familyhopecenter.org.

Above all, we look forward to talking with you, meeting with you, and helping you help your child succeed.

All the very best,

Matthew & Carol Newell
Directors
The Family Hope Center

How to Help Your Child With Special Needs

3-Day Seminar

The following is a summary of what you will learn in this 3-day seminar. After each period of instruction, there will be a 15-minute break to ask questions, use the facilities, and have coffee and refreshments. There will be a one-hour lunch period dividing the day.

The first step is to attend our 3-day Seminar: **How to Help Your Child with Special Needs**

This seminar is held in a variety of locations around the world. At this seminar you will learn a tremendous amount about brain development, receive the fundamental principles of how you can significantly improve your child's development, and have the opportunity to meet with other families who are already thriving on our program. Because this is a family program, we highly encourage both parents to attend.

Once you complete the seminar you have the opportunity to go to the next step: a 2-day appointment for you and your child with the Family Hope Center Team. At this appointment the Team will develop an individualized, comprehensive and integrated program designed specifically for your family and your child's physical, social, physiological and cognitive needs. We will then teach you how to implement your child's program yourselves at home.

Return appointments are then scheduled approximately every 6 months to evaluate your child's progress, and to update their program to meet their ever changing needs.

In the interim between visits, the Team will support and monitor your program through emails, phone calls, videos and feedback reports to insure maximum results.

When available, you will have an opportunity to attend a 4-hour workshop as an interim step between the 3-day seminar and your first 2-day appointment. This hands-on workshop for you and your child covers the practicalities of implementing an initial plan with your child.

Supplemental videos and other tools are available to assist you in delivering a high quality program.

WHERE HOPE COMES HOME.

How to Help Your Child With Special Needs

Half-Day Workshop

THE FAMILY HOPE CENTER

2490 Boulevard of the Generals

Suite 250

Norristown, PA 19403

TOLL-FREE 1-800-888-9370

LOCAL: (610) 397-1737

FAX: (610) 631-1852

EMAIL:

Team@FamilyHopeCenter.org

WEBSITE:

www.FamilyHopeCenter.org

The Purpose:

The purpose of this 4-hour workshop is for your family to understand how to confidently implement key neurological elements of the Program.

Requirements:

Participants need to have attended the 3-day seminar.

Workshop Dynamics:

The Family Hope Center Team will demonstrate and instruct parents and helpers how to implement the key elements of the Family Hope Center Program.

- You will join a group of families and their children for a series of sessions with our Family Hope Team.
- Workshop sessions will include the basics of a physical program, intellectual program, sensory program, physiological program and social program.
- The Team will demonstrate how to implement each program taught at the 3-day seminar for your child.
- You will learn which of the key elements are the most important for your child.
- You will learn which elements are not needed for your child.
- Questions about how the key elements apply to you, your child and your family will be answered.
- You will be able to go over the plan of action you designed for your child at the 3-day seminar with our Family Hope Center team.

WHERE HOPE COMES HOME.

Payment Information

“How to Help Your Child With Special Needs” Seminar

The fee for this 3-day Seminar is \$615 per person. If both parents attend, the cost is \$500 per person. A deposit of \$300 per person should accompany your application. The balance is payable 1 week prior to the commencement of the Seminar. Only parents who have attended “How To Help Your Child With Special Needs” are eligible for an appointment at The Family Hope Center.

Half-Day Workshop

The fee for the half-day workshop is \$800 for 2 parents and their child to attend. If you would like to bring a helper to the workshop, the fee is \$200 per helper.

Initial Visit to The Family Hope Center

The fee for a two-day visit at The Family Hope Center is \$3,450.00. A 50% deposit (\$1,725.00) should accompany your Application. Your appointment will be confirmed, and the dates will be reserved, upon receipt of the completed Application and deposit. The balance of the fee is payable on the first day of your appointment.

Refund Policy

In the event of a cancellation, any fees received will be refunded as follows:

Cancellation 30 or more days in advance:	90%
Cancellation 29 to 15 days in advance:	50%
Cancellation 14 to 7 days in advance:	30%
Cancellation less than 7 days in advance:	0%

Exceptions to this policy will be made in the event of medical emergencies within the immediate family, as documented by a letter from a physician or hospital.
